

PARAGON *Proudly Presents*

The Little Blue Bait Gun

Aren't you tired of bait guns that quit working while you are in the field? Even if the guns cost nothing, they are worth exactly that – NOTHING, if they constantly break while you are on the job.

Now you can have a bait gun that you can depend on. A bait gun that is not only easy to use, but also gives you the versatility you need when making bait placements. A bait gun that gives you the dependability you demand, at a price anybody can afford.

THE LITTLE BLUE BAIT GUN

From Paragon

- It reduces waste....the plunger retracts when trigger is released to prevent dripping.
- It is durable...reduces breakdowns in the field.
- It is easy to load.
- It accommodates 30 gram reservoirs.
- It is simple to use....vary trigger pressure to control application amounts.
- It is an economical alternative to current bait guns.
- It is an inexpensive backup gun for every vehicle.
